Gear your Career to the Future

ILMA Foundation “Move the World Forward” Scholarship

The ILMA Foundation’s “Move the World Forward” Scholarship seeks to raise awareness of career opportunities in lubricant manufacturing. It is an award of \$3,500 per year and is renewable based on maintenance of a 3.0 cumulative GPA. Any rising or current undergraduate or community and technical education (CTE) student may apply.

Bob Jackson Award

For graduate students only, to encourage the pursuit of a degree or career in tribology. A one-time award of \$5,000 (\$4,000 awarded at the beginning of research and \$1,000 awarded after the research report summary is received by the ILMA Foundation).

More Scholarships

Three named scholarships honor important lubricant industry veterans and encourage undergraduate students with specific interests. The Elmer B. Cleves Scholarship (\$5,000) focuses on athletics. The Ike Tripp Scholarship (\$5,000) and Taglia Scholarship (\$3,500) are given to students of chemistry or business.
